Currently I have a number of rooms on hold in the Garden section of the hotel that has its own pool. However there are three awesome pools onsite that are all available for everyone to use. You are also more than welcome to upgrade rooms to the beach or delux wings at small additional costs per night. There are also Suite rooms available which four people are able to share - however there is one queen bed. If you are interested in upgrading rooms please contact me for price and further details as these are not currently on hold and availability needs to be confirmed.

To secure your place - as limited rooms are available, a \$100 non refundable deposit is required. It is preferable you find your own room buddy to share with. However if single and wanting a room of your own, there will be an additional cost - plus non refundable deposit of \$200 will be required. (Non refundable deposit is a requirement from hotel to hold rooms) to be paid to Melissa asap preferably before 17th July to secure held rooms. Other rooms types are available on request
